

UI/UX SPRINT

The UI-UX sprint contest is a competition in which participants compete to design and develop the best user interface and user experience for a given task or scenario. This competition is meant to encourage participants to think outside the box and to explore their creativity.

Team size: 2-3 members

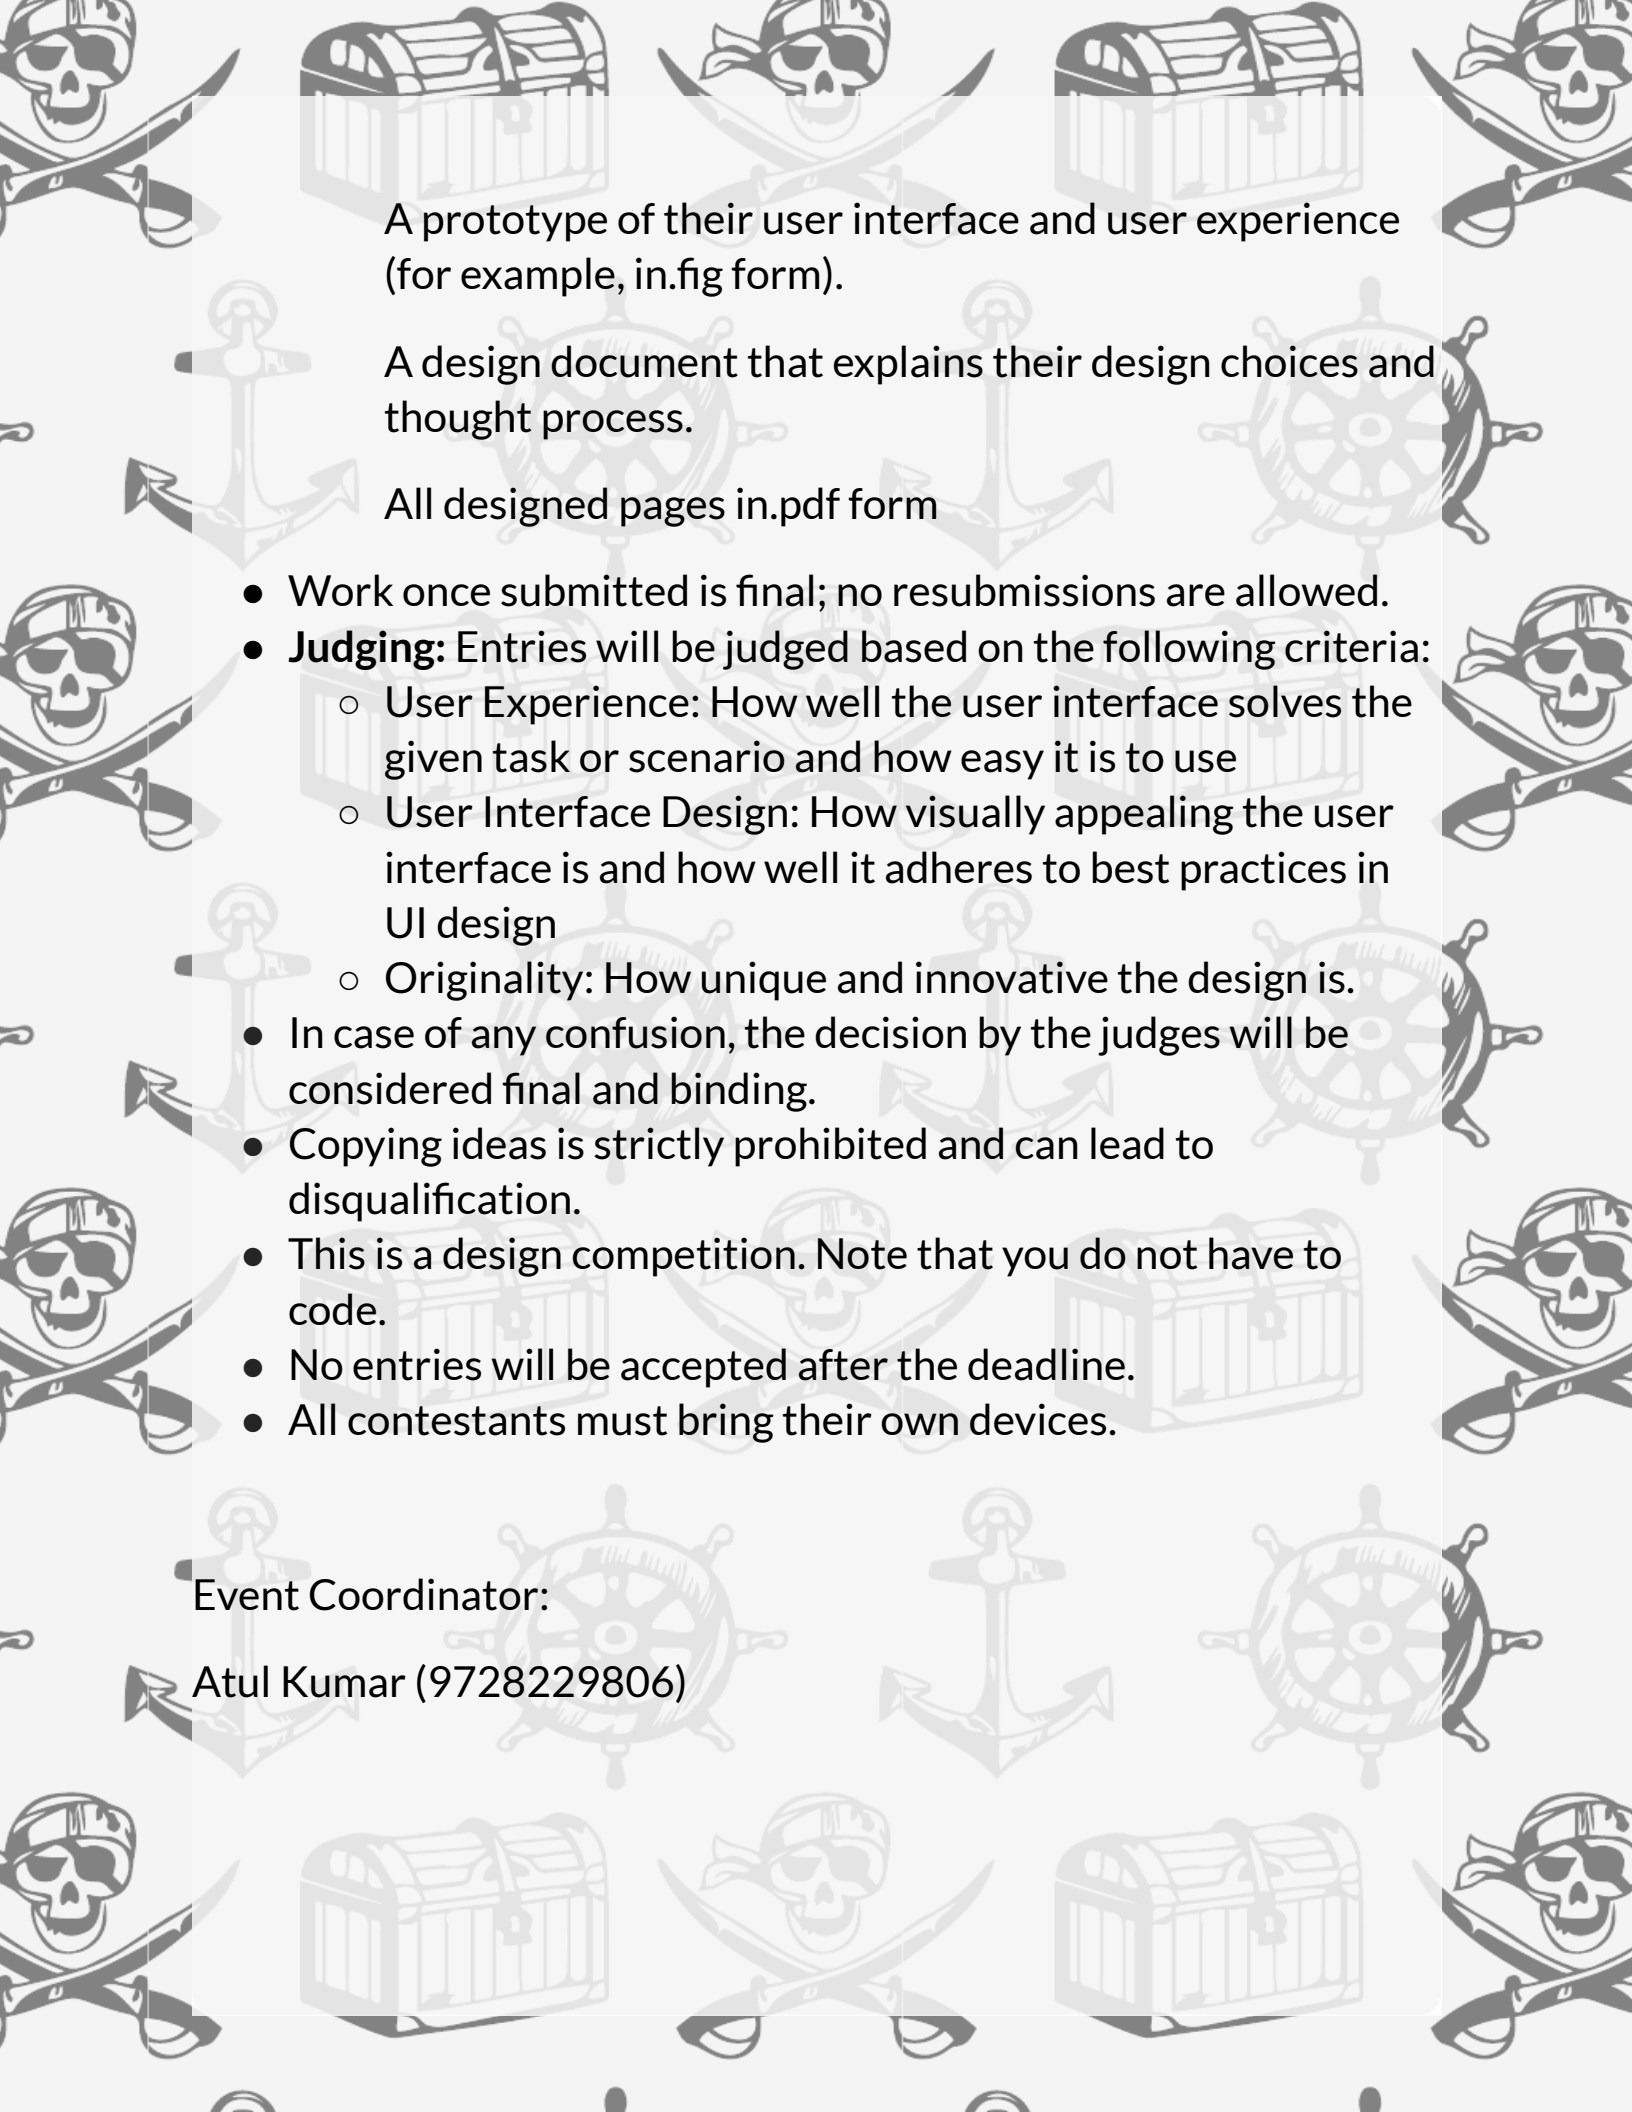

Time limit: 8 hours

Mode: Offline

Prizes worth 10k

Rules:

- **Eligibility:** The contest is open to all individuals or teams who have the necessary skills to design and develop user interfaces and user experiences.
- **Registration:** Participants must register for the contest by the specified deadline, which will be communicated in advance.
- **Timeframe:** Participants will have a set amount of time (8 hours) to design and develop their user interface and user experience.
- **Submission:** Participants must deliver a drive link containing a zip folder that includes the following:

A prototype of their user interface and user experience (for example, in.fig form).

A design document that explains their design choices and thought process.

All designed pages in.pdf form

- Work once submitted is final; no resubmissions are allowed.
- **Judging:** Entries will be judged based on the following criteria:
 - User Experience: How well the user interface solves the given task or scenario and how easy it is to use
 - User Interface Design: How visually appealing the user interface is and how well it adheres to best practices in UI design
 - Originality: How unique and innovative the design is.
- In case of any confusion, the decision by the judges will be considered final and binding.
- Copying ideas is strictly prohibited and can lead to disqualification.
- This is a design competition. Note that you do not have to code.
- No entries will be accepted after the deadline.
- All contestants must bring their own devices.
